Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Route 2A/Depot Road Intersection Reconstruction in fiscal year 2024. The entity to receive funding for this project is the Town of Westminster, located at 11 South St. Westminster MA 01473. The funding would be used for the full upgrade of the intersection at Depot Road and Route 2A, which is a heavily traversed route with local, commercial and commuter traffic. The project is an appropriate use of taxpayer funds because this intersection is currently not signalized and is a two-way stop. This project would upgrade the intersection to full signalization, including proper multimodal accommodations and safety aspects to improve the traffic pattern. Not only will this increase safety, but it will also drive economic development.

The project has a Federal nexus because the funding provided is for purposes authorized by 23 U.S.C. 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Lori Trahan". The signature is stylized and cursive.

Lori Trahan
Member of Congress
